PROFILE INFO

An experienced Jr. Data Analyst with 1.6 years of experience in collecting, analyzing, transforming and interpreting complex Data. Proficient in visualization tools like Looker, Data Studio and Programming languages like Python.

WORK EXPERIENCE

STORMX - APTON WORKS

2022 SEP - Present

As a Data Analyst in the Stormx Project, I have worked with a variety of data sources, including Amplitude, Braze, Branch, Google Play Store, MongoDB, Postgres, and MySQL, and migrated data into BigQuery. Also executed queries in BigQuery and visualized the results using Looker and Data Studio.

BESPIN - APTON WORKS

2022 FEB - SEP

As a Data Analyst for 8 months in the Bspin Project, worked with data from various sources and migrated it to BigQuery using Fivetran. By processing complex BigQuery data, created interactive dashboards in Looker.
