- Django Query Optimization for Seamless User Experience.

## EDUCATION

- Government Girls' Polytechnic College, Bilaspur:-
  - Diploma in Computer Science (Jan 2018 - Jun 2020)
  - Grade: 70/100
- C.M. Dubey Postgraduate College, Bilaspur:-
  - B.Com/ Bachelor of Commerce (Jan 2020 - Jun 2022)
  - Grade: 76/100
- Sarswati Shishu Mandir, Ratanpur:-
  - 12th | 75% (Jan 2017)
  - 10th | 83% (Feb 2015)

## SKILLS

- Python
- Django & Django Rest Framework
- NLP/ML
- Security / Authentication
- Routing
- Debugging
- Caching
- Scraping
- Test-cases / Testing
- Aws
- Performance Optimization
- Problem Solving
- HTML, Css, JavaScript
- Server Management
- SQL, PostgreSQL
- Git&Github
- Linux &Windows
- Postman
- Visual Studio Code/PYcharm
- Jira/ Excel
- Pandas/ NumPy

## CERTIFICATE & ACHIEVEMENT

- Python Basic [Certification](#) by HackerRank.
- [Gold Badge](#) for Python on HackerRank.
- Python Data Structures and Algorithms [Certification](#) on LinkedIn
- Natural Language Processing (NLP) LinkedIn [Certification](#).
- SQL Essential Training [Certification](#).
- Learning Git and GitHub [Certification](#).
- Problem-Solving Techniques [Certification](#).
- [CSS](#) & [HTML](#) Certification

## COLLEGE PROJECT

Dukan, E-shop 

March 2021 - April 2021

- It was made with the help of the Django web framework, HTML, CSS, Bootstrap, and SQLite.
- It is an internet store with sections for clothes, veggies, technology, and food.
- In this the user can Register, login & logout.
- The user can also view the list of products and add them to their cart.
- The user can also view their order history and manage their profile.

[My Portfolio](#), Website 

jan 2021 - march 2021

- It has a built in HTML CSS and BootStrap.
- Here I've included list of projects I have completed using Django including links to the code and live demos.
