About Me

I am a technological enthusiast with the capacity to learn new skills, and since I am familiar with the fundamentals of programming languages and algorithms, I am able to work both in front- and back-end roles.

Education

2023

Bhilai Institute of Technology ,
Durg
MCA, 80%

My abilities and professional development have grown while working in a tough environment.

2021

Govt Bilasa Girls' PG College,
Bilaspur (C.G.)
BCA, 77.31%

Programming languages including C, C++, Data Structure, Java, Oracle, Database Management with SQL,PLSQL, and MySQL are among those I've learned.

2018

Saraswati Shishu Mandir Tilak
Nagar Bilaspur (C.G.)
12th, 64%

I gained knowledge of leadership traits and communication abilities.

Projects

My passion for development has led me to create 2 projects. I'm an intern working on frontend and backend projects for Binomial Solution, and I'm also using Dot Net framework and Android studio.

KV Homes 2022 - 2023

Frontend and Backend development - Android Studio With Java , Fire Base

University Management 2020 - 2021

Frontend and Backend development - Visual Basic Dot Net , MS Access

Hobbies

- Logical Problem Solving
- Reasoning and Gaming
