Applied Data Science | Machine Learning | Generative AI/LLMs |  
Mentor  
Bangalore Urban, Karnataka, India

## Summary

Data Scientist with 12 years of industry experience.

I possess a combination of technical expertise, Analytical thinking, and business acumen with a demonstrated history of creating and implementing successful data science products, and driving data-driven value across diverse industries, including healthcare, technology, audit, shipping and logistics, and consulting.

I have expertise in building end-to-end solutions that incorporate machine learning, statistical modeling, Natural Language Processing, Deep Learning, and data analytics to extract valuable insights from complex datasets, leading to improved decision-making and better business outcomes.

---
