PROJECTS

AUTOMATED HYGIENE TOILET - SELECTED IN TOP 10 POSITION IN TATA INNOVERSE HACKATHON AT NIT DELHI

We make a smart toilet for swachh bharat abhiyaan in TATA Innovers hackathon at NIT Delhi. We create this project for sustainable cleanness of our public toilet and this project is used totally green energy like solar power system. And based on totally automatically so with this concept we also save the energy. The speciality of smart toilet is it's work without any worker with sustainable technology. We use sensors and arduino to automate the toilet. I was the team leader in this project.

CODE BLOGGERS - SELECTED FOR ENGINEER'S DAY

We create the online website to provide the platform which is very useful for every science student specially computer science and engineering. It is very helpful to give useful knowledge about various types of hackathon in national institution. It is also provide placement paper and prepared for comparative exam like GATE and NET.
